Delphi	Arena	JavaScript
SAS	SQL	Ratabase
SPSS	Access	ESSBASE

Past Performance:

Solutions by Taylor LLC is a new company and has only worked with Integral Analytics, a Cincinnati based consulting company for the energy/utilities industry.

SOLUTIONS BY TAYLOR LLC

Differentiators:

High Quality Service

Solutions by Taylor LLC has extensive knowledge of Statistics, Operations Research, and Computer Programming that work together for innovative and customized solutions.

Low Cost Service

Solutions by Taylor LLC is owned and operated solely by Taylor Barker, which means that rates do not include additional costs such as rent, Worker's Compensation, Administrative Costs, etc.

Guaranteed Service

Solutions by Taylor LLC will not accept payment until the completion of the project or predetermined project segment. Furthermore, any work that takes longer than the contracted timeline will reduce the total cost to the client by daily increments.
